

CITRUS

Load capacity up to 60kg

RIG

Made of stamped steel with single ball raceway and a Chrome-Plated finish. Rivetted wheel axle.

WHEEL

Citrus - Polyethylene. Hardness: 80 Shore A. (-20°C to + 70°C)

Injected with a polyethylene tread and polypropylene copolymer wheel center with several combinations of colors. Indicated for furniture, they roll very easily, requiring low handling effort, resistant to deformation under static loads, with an excellent cost-benefit ratio. They present a good resistance to chemicals and moderate impacts. Produced with recycled materials.
